- Maintained financials, prepared Government Reports in compliance with strict standards.
- Analysed financial statements for reporting & auditing purposes.
- Generated, reviewed financial statements, facilitated accounts procedures each month.
- Trained new employees, conducted Audits, filed Income Tax returns, GST returns.

## Projects & Achievements

### • WeSchool Internal Hackathon '20:

Developed a working prototype for 'Bajaj Lab Reports Digitization' problem statement with my Team by implementing *Firebase's ML Kit* for Android & extracting relevant information from the patient reports.

### • Smart India Hackathon '20 (Winner):

Developed a prototype for 'Gamification for Health Data Collection' Problem Statement by **HealthRx (Bajaj Health)**. The App included a clean, minimalistic user interface showing the users their purchased policies (if any), renewal dates, new policies' comparison, real time Covid data etc. As a part of Gamification Process, we added interactive choice based simple games, quizzes to collect analyze user behavior & suggest policies accordingly.

### • Summer Internship Research Project: Analysis of Indian Steel Sector

### • MBA Final Project Report: Study of Credit Appraisal Process in Banking Sector

### • Focus: App to reduce too much usage of cell phone (500K+ Downloads)

### • TexWalls!: Set customizable textual wallpapers, reminders (100K+ Downloads)

### • Status Saver: App to save Statuses from a Social App (65Million+ Downloads)

## Academics

### • Post-Graduation, MMS - Finance (2021) - S.P. Mandali's – WeSchool (Mumbai)

### • Graduation Degree, BBA (2018) - Brijlal Biyani College of Sci. & Com. (Amravati)

### • HSC, Commerce (2015) - STK Junior College (Amravati)

### • SSC, Initial Schooling (2013) - Holy Cross High School (Bhayander)
